

RCP Pro

The RCP Pro is SKAARHOJ's most advanced camera shading controller. It features a SKAARHOJ joystick with a built-in Tally Light and OLED Screen, to display Iris values on the fly. It also includes a large, tilted screen for a perfect viewing angle.

SKAARHOJ Universal Controllers supports more than 120 different devices, and counting! Check out our website's "Device Core" section, to see what can be controlled at <https://devices.skaarhoj.com/>. The flexible User Configuration makes it possible to assign and add the functionality you need from the controller. All controllers are IP-based, and can have Remote Control with PoE. All SKAARHOJ products are designed and built in Denmark.
